9. PRIVACY AND GENDER EQUITY POLICIES

9.1 MEMBER PRIVACY

BRAC respects the right to privacy of all communications received from all members. Information provided to us will only be used for the benefit of BRAC and its members. If you do not want electronic updates, and/or membership information from BRAC, please check the appropriate box on your membership application form. We do not share, sell or distribute our list to our sponsors, publications or vendors.

9.2 GENDER EQUITY

BRAC is committed to promoting equity [parity] in women’s cycling. As a part of this commitment, we understand the importance of equity in race prizes. Equal payouts send a message to all cyclists that Men’s and Women’s races are equally important, and the racers deserve equal respect for their efforts. While BRAC does not require specific prize amounts, we encourage Race Directors to strive for equitable payout distribution across Men’s and Women’s races. While we understand that field sizes can vary significantly and may impact total prize amounts, ultimately, pay equity remains important to the growth of our sport, even if some races may pay out more than collected for those entrants.

10. SCHEDULE OF FEES AND SURCHARGES

The BRAC Board of Directors and staff will recommend a Schedule of Fees and Surcharges that will be ratified at the BRAC Annual Meeting. The Schedule of Fees and Surcharges will be posted to the BRAC website.

11. RACE CALENDAR DATES

11.1 RACE CALENDAR DEPOSIT

A calendar deposit (see Schedule of Fees) is charged to all USAC clubs wishing to be listed on the BRAC Calendar. Only events that are directed by BRAC member clubs will have a link to their event flyer from this listing. The deposit is refunded or subtracted from surcharges owed once the race has occurred.

11.2 DATE EXCLUSIVITY

To ensure maximum participation at events, BRAC prefers to schedule only one race per day per discipline. Clubs are expected to resolve race day conflicts. If not, BRAC will decide based on the following criteria:

- Availability of qualified officials
- Discipline (Road, Track, Cyclo-cross)
- History of event and its quality (“established”, well-promoted events typically given preference on their race date)
- Races may co-exist if of different sub-disciplines (e.g. Criterium and time trial)
- Distance between proposed venues. (“150 mile” rule) for weekend events
- Priority to National Championships, State Championships, and Collegiate Events

Except in the case where it is unavoidable, BRAC will not have two different State Championships on consecutive days of a weekend.

12. RACE KIT

The Race Kit includes, but is not limited to: lap counters, brooms, cones, poly posts, podiums, banners, signage, bullhorns, tables, chairs, marshal vests, coolers, computers, printers, decorative flags, tents, and radios.

12.1 ELIGIBILITY

Only BRAC Member Clubs are eligible to use the Race Kit. The club will sign for and be responsible for all items taken.

12.2 LOCATION

The storage unit is located in Lafayette, CO. Please call to schedule time to pick-up and return the race kit directly to:

Shawn Farrell, Executive Director
(719)-393-5711 (Mobile), [Please leave a message.](mailto:operations@coloradocycling.org)
Email: operations@coloradocycling.org

12.3 CHECK IN/OUT PROCEDURES

Clubs are responsible for checking the equipment out and returning it in good order. Materials must be put back into the facility in their proper location. Clubs are responsible for any loss or damage to the race kit.

13. MEDICAL SUPPORT

13.1 REQUIREMENTS

All USAC competitive events held in Colorado and southeastern Wyoming are required to have a licensed EMT, paramedic or a comparable medical professional with triage experience at the race to facilitate the handling of medical services and decisions during the event. The race will be cancelled by the Chief Referee if this requirement is not met.

13.2 DOCUMENTATION

The medical professional is required to complete a First Report of Occurrence Form on every person he/she treats, excluding those who receive treatment for superficial road rash.

13.3 CONCUSSION AWARENESS TRAINING

All BRAC Race Directors are required to take the online course offered by the CDC regarding concussion awareness.

14. RACE GROUPS

14.1 CUP EVENTS

Race Groups offered at BRAC events can be found in the respective policy documents for the Rocky Mountain Road Cup, the Colorado Cross Cup and the Colorado Track Cup.

14.2 COMBINATION OF RACE GROUPS

A race group is defined by the gender, age, and category of the riders in the group. Different categories are separated by dashes. For example, the Men 1-2 race group comprises men of categories 1 or 2. This is a group that will be tracked for Cup points at all BRAC cup events.

When multiple race groups are run on a course at the same time, a slash (/) between race groups implies that riders may be started together or have staggered starts, will have separate prize lists, and separate results will be generated.

Ex: Men 50+ 1-2-3 / Men 60+

In the scenario above, two race groups, Men 50+ 1-2-3 and Men 60+ are starting at the same time, or slightly staggered. Both of these race groups have a prize list, and results will be reported for each.

15. ROAD OMNIUMS

15.1 DEFINITION

A Road Omnium is a series of road events (stages) with an overall prize based upon accumulated points. The individual stages may be road races, time trials, hill climbs, or criteriums.

15.2 TIE BREAKERS

In the event of a tie, the General Classification for a road omnium is determined by the placing on the final event - or the event selected by Race Director as indicated in the race announcement and/or technical guide.

15.3 Omnium Point Scale

The following point scales are **recommended** to determine the final placings for road omniums and will be used unless another set of point scales are in the technical guide. Race Directors must determine a way to classify riders who have scored no points, at least up to the 25 places required for Cup results. Usually this would be using the results of a particular race.

Pre-J events have no entry fee and no scoring. Standard release waivers are required. Race Directors are reimbursed the Pre-J permit fee if they place the Pre-J logo on flyer.

16.2 WOMEN'S PROGRAM

BRAC is committed to growing the sport of women's cycling in our area. To this end, we host Women's Summits, work to coordinate clinics and mentoring events for beginning women racers, host women-specific camps, and serve as a common ground on which to build communication between BRAC member clubs, collegiate clubs, and like-minded organizations.
