

# Board Reelection

I am Troy Reynolds of Reynolds Roofing and Reynolds Racing. I have been a passionate staple in the cycling community since 1994. I feel that I can add value to the board with the experience I have garnered with 20 plus years of racing, and 2 previous years on BRAC as a board member.

I will aim to be the mouth piece and ears for the racers to the Board, USAC, Race Promoters, and other Racers with the aim of making us all more unified as we fulfill our dreams in cycling together.

Cycling in Colorado has been on a downward turn for the past several years, and I believe I have a plan that should change that by adding competition value to all racers, teams, and race promoters.

With that in mind I ask that you consider voting for me Troy Reynolds.

Thanks
