

# COLORADO STATE UNIVERSITY

## Cobb Lake Road Race and Oval Criterium

### April 16th and 17th, 2016

**\* A \$10 discount will be applied to the second race registered on the same day \***

### Rules:

As a USAC-licensed event, USAC rules apply to all of the races. One essential rule: Helmets must be properly worn at all times while on a bike. For each race, all equipment used must be USAC approved for that type of race. All juniors must use junior gearing.

Races will be held rain or shine unless the officials determine that rider safety is unduly compromised. Results will be determined by the chief judge and will be verified by a finish line camera.

### Wheels

The traditional "wheels in, wheels out" system will apply. A limited supply of neutral wheels may be available, but should not be counted upon. Please bring a spare tube and pump during the road race as part of the course is on dirt, and there will be no follow car.

Please note that neither the race promoter nor anybody other than you is responsible for the security or return of any wheels that you elect to put in the wheel pit. Each rider is responsible for reclaiming wheels, which will be available near the finish line after the race. There will be a wheel pit during the criterium. The free-lap rule will be in effect until 5 laps to go for each race.

### Registration:

Pre-registration is available at [www.usacycling.org](http://www.usacycling.org). Individual race registration will open up three weeks prior to events. Day of registration will open up an hour before the first race of the day and will be available on-site until 30 minutes before each respective event on is registering for with a \$10 late fee.

Cobb Lake Road Race
