

Junior Track Clinic 2018

The Third Annual CSV Junior Track Clinic will be the last weekend in April, consisting of a 3 day, 2 night shindig April 27-29. Cost will be \$100 and includes two nights and three days of food and lodging at the Olympic Training Center, home of too many cycling champions to count. What we need from y'all is the following

- Spread the word to all your friends
- Let us know if you are interested in attending
- **Right now we have 15 signed up. That is enough to hold the clinic. However, if we get 20, we get some major perks from the OTC, such as better training times, so let's get out there and beat the bushes for more participants. The more the merrier.**

Please contact Shawn Farrell, BRAC Executive Director, if interested in attending.
