START 5,626 ft. **MAX** 6,164 ft. **GAIN** 1,559 ft.

COVID-19 RACE PROCEDURES

Due to COVID-19 concerns there will be no race day registration! Number pick-up time slots will be announced via email. Entry fee includes USAC surcharges. Please check the Bike Reg event website for additional infos.

In order to be granted a race permit amid uncertain conditions of the COVID-19 pandemic, the race promoter has gone to great lengths to make road racing as safe as possible. It has been necessary to modify physical spacing for all facets of road events including check-in, parking, restrooms, warm-up and race staging. The Promoter and the Mesa County Health Department require ALL staff and participants to:

- Wear a mask at ALL times (except while racing). This includes anytime outside your vehicle on race location such as bike setup, warming up, visiting the porta toilets, and staging before your race.
- Maintain 6 feet of spacing between everyone except your immediate family.
- Do not congregate with your teammates or friends before or after races.
- Bring your own food and plenty of water, the race sponsor will not provide food or water.
- Submit to a simple no-touch health screening during check in
- Be prepared for extra spacing during staging. All Road Races will have a 1K neutral start. All Criterium races will have a 1-lap neutral start.
- Do not provide food or water hand-ups for non-team members at the road race feed zone.
